

# There Is None Like You

## Chorus:

F            C            Dm  
There is none like You,  
Bb        F                    Gm            C  
No one else can touch my heart like You do.  
F        F/Eb            Bb  
I could search for all eternity long and find:  
F        C            F  
There is none like You

## Verse:

          Dm                    Am  
Your mercy flows like a river wide,  
          Bb                    F  
And healing comes from Your hands.  
          Dm                    Am  
Suffering children are safe in Your arms,  
          Bb        Gm        C  
There is none like You
