

# There Is None Like You

## **Chorus:**

G            D            Em  
There is none like You,  
C            G                    Am            D  
No one else can touch my heart like You do.  
G            G/F                    C  
I could search for all eternity long and find:  
G            D            G  
There is none like You

## **Verse:**

          Em                    Bm  
Your mercy flows like a river wide,  
          C                            G  
And healing comes from Your hands.  
          Em                    Bm  
Suffering children are safe in Your arms,  
          C            Am            D  
There is none like You
